Dear MG – Driver,

I am very happy to realize, that people like the MG Events in the September / October period very much and that they enjoy to drive their wonderful MG cars over the high mountain roads and passes of the Dolomites.

This year event will be divided again in two parts:

The first part will be held from 28th September 2017 to 1st October 2017 in Sottoguda (BL) (on the south part of the Fedaia pass) and we will drive over the southern Dolomites passes on the Italian side.

The second part of the event will be located this year, as a special highlight, in Switzerland. We have prepared a very nice tour over the St. Gotthardpaß.

Once again I was lucky enough, with the big help of Mark from Switzerland, to find two very nice hotels for our stay during the event and I am sure to have planed and prepared a very nice program for the whole event.

Please, find in the regulation/rule and registration sheets all information's that you will need for booking and stay. If you have any question, please feel free to ask me.

Like in the past, this is an international invitation for all MG drivers.

It would be very nice to welcome you on the event.

Best MGreetings from the Dolomites
