# The Pre-War MG Parts Centre

Dear Customer,  
By now, most of you will be familiar with our fully illustrated catalogue of spare parts for the MG sports car. I am very pleased this year to bring you this enlarged catalogue illustrating items not previously shown, together with a section devoted solely to T series spares. With T series items shown in other sections you are now in possession of a catalogue of spares embracing the whole MG range from 1929 to 1949. I sincerely hope it helps you to discuss, choose and order the parts you need to get your vintage MG 'On the Road'.

Yours Octagonally

*Barry Walker*

## Important notes

### Opening times

The Parts Centre is normally open each Saturday and Sunday from 10.30 am till 7.00 pm.

Monday to Friday—at any time by prior appointment.

Appointments can be made by telephoning **Wadhurst 2073** or our London number **01-460 2356** up until 10.00 pm.

### Ordering by post

Please quote part no. if shown in catalogue but at all times give description. Description is essential for parts not included in the catalogue and which are probably available.

### Conditions of sale

Please study these before ordering, particularly with reference to postage details.

### Cars

Whilst offering a full spares service we always maintain a large stock of MMM motor cars from mint examples to vehicles for full restoration—full details and photographs are available for each vehicle (UK—large SAE: Overseas \$2.00).

## Conditions of sale

### Payments

**UK**—payment must accompany all orders. Cheques, Postal Orders or cash by Registered Mail is accepted.

**Overseas customers**—all prices are quoted in Sterling because of the constantly changing International Exchange Rate. Payment should be made by Sterling Bankers Draft, obtainable from your local bank, and must be included with your order. If sending foreign currency cheques these will be subject to bank clearance charges and could result in delay to the despatch of orders. Where payment in foreign currency is requested the rate to be used for exchange purposes will be quoted.

### Prices

**UK**—all prices shown do not include packing and postal charges, and VAT at 8% must be added to total order including packing and postal charges, or in the case of unmailable items road/rail transport charges.

**Overseas customers**—Packing and postal charges are not included in prices quoted. VAT is not applicable to goods exported by us.

### Despatch

**UK**—orders for stock items are despatched by return mail and items not available are advised and forwarded immediately they return to stock.

Parcels up to 1 lb are despatched by 1st class letter post.

Parcels 1 lb to 22 lbs are despatched by parcel post.

A post and packing charge of 50p minimum is made on all orders up to 1 lb.

Heavier items are charged at the following rates:

Up to 4 lbs—£0.75

Up to 6 lbs—£0.95

Up to 10 lbs—£1.20

Up to 14 lbs—£1.50

Up to 22 lbs—£2.00

Maximum weight—22 lbs.

Maximum length 3 ft. 6 ins.

Larger and heavier items are despatched by road transport and a charge of £1.50 per item applies. A further 75p is required for additional items.

Non delivery within 21 days of despatch must be advised immediately.

**Insurance of goods**—If customers wish to insure goods against loss or damage an additional amount according to the value of the goods must be included, rates are given below.

Important—whilst every effort is made to pack parcels to avoid damage, The MG Parts Centre cannot be held liable for any goods lost or damaged in transit unless the necessary insurance has been paid. We advise the use of this service for the cost involved.

For goods valued up to £10—insurance rate: 10p

For goods valued up to £50—insurance rate: 20p

For goods valued up to £100—insurance rate: 50p

Goods in excess of £100 will be sent in separate parcels at pro rata rates.

**Overseas customers**—postal and packing charges for all orders will be quoted when initial inquiry is made, for sea and air mail. It is essential sufficient funds are included to avoid long delays in despatch. Any excess funds can be credited to your account or refunded at your choice.

**State clearly whether Airmail or Seamail is required** when first writing.

Heavy, unmailable items travel by either airfreight or seafreight where packing and freight charges are payable on arrival of the goods in country of destination. Estimates will be given. **Airfreight or Seafreight must be stated** together with full destination details.

### Guarantee

Goods agreed by us to be faulty will be replaced free of charge or full credit given (customer's option) if returned within 21 days of despatch. We accept no further liability for any other or consequential damage or loss arising through any defect in goods supplied by us or the fitting or use thereof.

All new items are sold as replacements and are not necessarily made by or for any car manufacturer. The acceptance of goods by the purchaser shall be considered as acknowledgement that they are sold and accepted subject to these conditions.

### Trade descriptions act

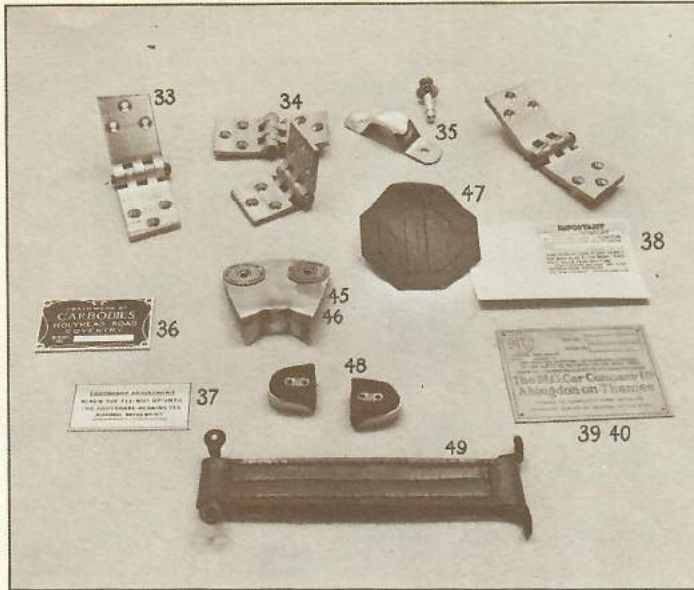

All items shown either in the catalogue or discussed in correspondence are given fair and accurate descriptions but if the customer feels a more fuller explanation is called for this will be given, and noted for future publications.

In the case of secondhand items, purchases made on the premises must be fully examined and accepted as refunds will not be entertained. It is our policy to be accurate and fair in all transactions.

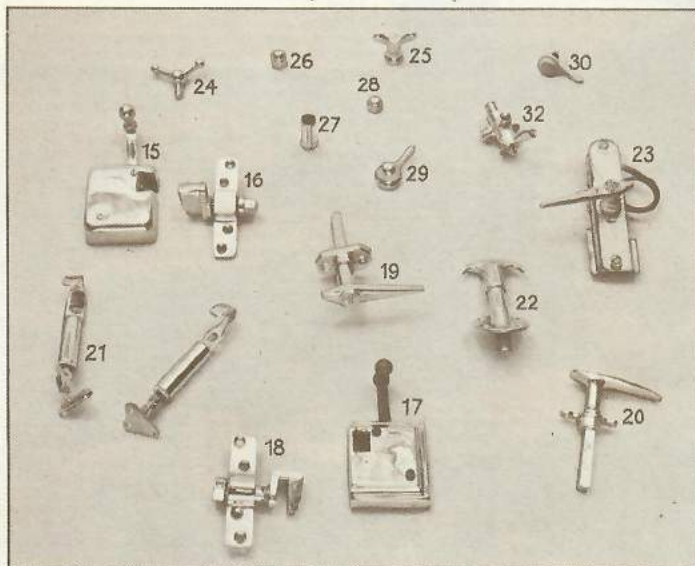

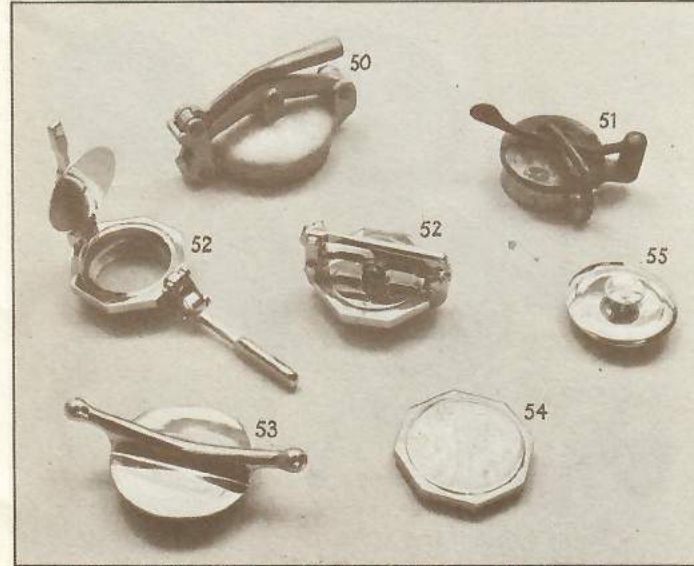

- 01 All models: chrome knock-off nuts. Fully engraved with MG motif. *£2.25*
