92-94 High Street
Steyning
Sussex

Postal address only:
Mount Place
North Common
Chailey, Lewes
Sussex

This business opens on Saturdays only Steyning 812962
5 day week telephone service Tuesday to Saturday

ALL CORRESPONDENCE

must be accompanied by a stamped addressed envelope, or International Reply Coupon (for overseas correspondence).

CORRESPONDENCE

Please quote date of previous letter, or invoice number where necessary, when replying.

PAYMENTS

by cheque to be made payable to 'Terry and Barry Bone'. Overseas payments (for payments over £200) to be made payable by a 'Mail Transfer' from your account to ours, being:
The Midland Bank Limited,
63, High Street,
Lewes, Sussex.

DESPATCH

Goods are despatched within 21 days of receipt of payment unless you are otherwise notified. A record is kept of all parcels, crates and packages sent by post, rail, road, sea and air for proof of despatch.

INCORRECT/DEFECTIVE PARTS

Any item that is without doubt beyond repair, that has been sent in good faith by us as being of sound order, will be exchanged, or if unavailable, money back guarantee.

LOST

Parcels will be replaced, if the parts are still obtainable, or money refunded, once the necessary information from customer and appropriate carrier has been obtained.

TRANSPORT

All goods are despatched by the most economical method. Should delivery via "Red Star" (British Rail), Bus, Passenger train or Air freight/mail be required, there will be an additional charge.

DELIVERY

New or secondhand bodies, complete cars or models partially dismantled or completely dismantled can be delivered by us anywhere in England, Scotland, Wales or Northern Ireland.

SHIPPING

All arrangements for shipping goods overseas, such as parcels, crates and cars, are carried out by us.

Parcels marked 'P' (noted on quotation) are inclusive of post and package to destination. Crates marked 'C' are exclusive of collection from our postal address and delivery costs to destination.

Cars are inclusive of delivery to docks, dock charges, insurance and freight costs to stated port of destination.

DISPLAY STAND

We are usually in attendance at rallies, Auto-jumbles and Flea Markets, with a stand displaying a few items from our stock of new parts.

SECONDHAND PARTS FOR OHC MODELS

It will give you some idea from the photographs of the extent and range of our secondhand parts. Last year we found our stock to consist of approximately 60,000 spare parts. This fact will explain why we have found it impossible to maintain an up to date stock/price list.

We stock and sell anything from a sump stud or brass nut and bolt on the identification plate on the firewall to a complete new car, dismantled into over 1,000 parts and ready for restoration.

We can offer practically any part for any of the OHC models from 1929 to 1935, except for some of the racing models.

Some of the more desirable items, such as instruments and Rotax headlights, are sold very quickly, and often take a while to replace as they are not easily obtainable these days.

M.G.'s travel far and wide, and we try our utmost to help fellow enthusiasts to get their cars back on to the road, wherever they may be.

Please send us a list of the parts you require, together with a stamped addressed envelope (or International Reply Coupons) and we will do our best to help you. If you do not know the name of the part, send us a drawing.

When ordering, please state, year, model and type of body of your car.

Should you be dissatisfied with the parts sent to you, or they are the wrong ones, we will guarantee to refund or replace. Parts should be returned within 10 days of date of despatch in U.K., or 112 days for overseas customers, (or 21 days if sent by Air Mail).

Oil: Engine oil.
Cooling: Water.
Lubrication: Gravity.
Ignition: Battery, coil, distributor.
Brakes: Front wheel, rear wheel.
Steering: Rack and pinion.
Suspension: Front wheel, rear wheel.
Wheels: 12 inch, 14 inch, 16 inch.

Complete List of Prices

Model	Price
M.G. Midget "P" Type	£125.00
M.G. Magnette "M" Type	£125.00
M.G. Magnette "M" Type (with 1600 cc. engine)	£150.00
M.G. Magnette "M" Type (with 1600 cc. engine and 12 inch wheels)	£175.00
M.G. Magnette "M" Type (with 1600 cc. engine and 14 inch wheels)	£200.00
M.G. Magnette "M" Type (with 1600 cc. engine and 16 inch wheels)	£225.00

SPECIFICATION (cont.)

CHASSIS LUBRICATION
The chassis is lubricated by means of a special system, which ensures that the oil is distributed evenly to all the moving parts.
WHEELS
The wheels are made of a special alloy, which gives them extra strength and durability.
STEERING
The steering is controlled by a rack and pinion system, which gives the driver a light and accurate feel.
BRAKES
The brakes are controlled by a foot pedal, which gives the driver a powerful and reliable stopping power.
SUSPENSION
The suspension is controlled by a coil spring system, which gives the car a smooth and comfortable ride.
