List of Spare Parts
for
The 8/33 M.G. Midget Sports
Series 'M'

The M.G. Car Company Ltd.
Abingdon-on-Thames
Berks

Governing Director:
LORD NUFFIELD.

Managing Director:
Cecil Kimber, M.I.A.E.

Phone: 251 Abingdon (4 lines). Wire: "Emgee, Abingdon."

Reprinted August, 1931

FOREWORD.

The 8/33 M.G. Midget.

When ordering replacements it is of the greatest assistance to our Service Department if the part required is given its correct reference number and description, and the chassis and engine numbers should be quoted in all correspondence as well as on the order itself, as delay and misinterpretation of the orders are thus avoided.

We would also draw your attention to the fact that you will get quicker service if you place all your orders with our Distributors in your territory, who are holding very adequate stocks of M.G. Spares.

The name and address of the nearest Distributors is given in Instruction Manual supplied with the car, and we feel sure that all your requirements will receive every consideration and attention.

May we request you therefore to get into touch with our Distributors for all your future orders?

The prices quoted in the Spare Parts List are nett at the Distributors' or Dealers' premises, but in the event of parts having to be forwarded, packing and posting charges will of course be extra.

Except in the case of those who have opened approved accounts, all parts that can be will be forwarded C.O.D.

We cannot stress too highly the *danger* of fitting non-genuine M.G. parts.

Unfortunately cases have come to our notice where accidents have actually been caused by this practice, and we strongly advise all M.G. owners to insist and see that for all repairs and replacements only genuine M.G. parts are fitted.

M.G. parts are specially designed and manufactured to withstand the stresses imposed by a high-speed sports car, and we would warn all owners that the fitting of non-genuine parts renders the guarantee *null and void*.

The Company only fit the highest grade and best known proprietary fittings, but we give no guarantee whatsoever in respect of tyres, lamps, electrical equipment, speedometers, clocks, or any other proprietary fittings of any type supplied with the car or otherwise, as such proprietary fittings are usually covered by a guarantee issued by their respective manufacturers.

All questions involving the replacement or repair of any such proprietary fittings should therefore be taken up direct with the manufacturers concerned, and not with The M.G. Car Company Ltd.

*Every possible precaution has been taken to ensure accuracy of this list.
The right is, however, reserved to vary the list of spare parts and prices
without notice.*

List of Spare Parts for the 8/33 M.G. Midget Sports.
