Up and Coming Meetings

Below is a list of meetings in the next 60 days.

| Meeting                            | Circuit              | Date        |

If the screen looks different to this (for example missing buttons) it may be because the browser you are using is too modern! To make it view our web page correctly you need to select 'compatibility view'. To do this in Internet Explorer 9 and 10 you click on the image which looks like a torn piece of paper

In Internet Explorer 11 you need to add the site to your compatibility list. Click on the Cog icon on the far right of the

browser bar  and choose **Compatibility View settings**. When the dialog box appears just click the **Add** button and the [prosolvehosting.co.uk](http://prosolvehosting.co.uk) site should be added to the list of sites. Then click OK or Save and try logging into the online booking website again.

Those using Apple computers will find Firefox slightly smoother compared to Safari.

Explore the different screens by clicking 'my details' 'my vehicles' etc. where you can edit and add details, particularly your address, car, transponder number, next of kin, and medical details. **Please do this BEFORE you enter a race.** If you do make any changes, remember to hit the small, grey 'save' button in the bottom right corner of the page.

3. To book a race click on 'Book' (don't click on the 'Up and Coming Meetings' on the home page) -

10. Input your card details (most accepted including Amex), check that the address that is populated matches the details you have registered to that card, and click on 'submit for processing'. You as first driver are paying for both drivers if you are part of a two driver team. The address **MUST EXACTLY** match that shown on your card statement, it doesn't matter if this is a different address to the one you have registered within the online MGCC system. To repeat- the payment system only checks the address matches the one held by the card or bank.
