* Currently available only in secondhand condition.

All parts comprising this steering assembly are extremely rare now. There is a good opportunity that those items numbered can be supplied. However, all parts supplied for this steering system are secondhand or reconditioned, as indicated by an asterisk. Non-starred parts are available new.

RECONDITIONING SERVICE:

A full reconditioning service is available for this type of steering box. Please ring or write for full details of time taken, price and transportation.

All Marles Weller steering columns were supplied in chromium plated finish.
